PROFILE

DevOps Engineer with over three years of experience in managing and optimizing ERP systems, particularly Odoo. Proficient in Python and FastAPI, with a strong background in database management and CI/CD processes. Passionate about building reliable and efficient systems that enhance operational performance.

WORK EXPERIENCE

DevOps Engineer

Jan 2021 - Present

ABC Tech Solutions, Ho Chi Minh City

- Implemented and managed the ERP Odoo system, ensuring high availability and performance through effective configuration and monitoring.
- Developed and maintained data pipelines using FastAPI, facilitating seamless data integration between Odoo and the data warehouse.
- Collaborated with the Data Engineering team to establish CDC processes, enhancing data synchronization and integrity.
- Deployed CI/CD pipelines using GitLab CI, improving deployment efficiency and reducing downtime.
- Managed Kubernetes clusters, optimizing resource allocation and system reliability.

System Administrator

Jun 2019 - Dec 2020

XYZ Corporation, Ho Chi Minh City

- Oversaw the operation of various systems, including a self-hosted GitLab and VPN solutions, ensuring secure and efficient access for development teams.
- Assisted in the migration of legacy systems to modern architectures, improving system performance and scalability.
- Conducted regular backups and restorations, utilizing pgBackRest for data safety and availability.
- Provided support for data warehouse operations, including ClickHouse and Kafka Stream, enhancing data analytics capabilities.

EDUCATION

B.Sc, Information Technology

2015 - 2019

University of Danang - University of Science and Technology

- GPA 8.0/10, Good classification. Thesis focused on cloud-based deployment strategies for web applications.

TECHNICAL SKILLS

- Languages: Python, FastAPI
- Tools: Kubernetes, GitLab CI, Docker, Linux
- Databases: MySQL, ClickHouse
- Other: CI/CD, Data Warehousing, VPN Management

CERTIFICATIONS

- Certified Kubernetes Administrator (CKA)
- AWS Certified Solutions Architect - Associate

ADDITIONAL

- Strong problem-solving skills and ability to work collaboratively in a team environment.
- Excellent communication skills, both in English and Vietnamese.
