PROFILE

Technical leader with over 6 years of experience in software development, specializing in BPM solutions. Proficient in backend development using Spring Boot and frontend development with Angular. Strong background in microservices architecture and team management, ensuring project quality and timely delivery.

WORK EXPERIENCE

Technical Lead

Jan 2022 - Present

ABC Technologies, Ho Chi Minh City

- Lead a team of software engineers in developing BPM solutions using Spring Boot and Angular, ensuring adherence to project timelines and quality standards.
- Collaborated with Product Owners and stakeholders to clarify requirements and design technical solutions, enhancing project outcomes.
- Conducted code reviews, implemented design patterns, and optimized system performance, resulting in a 30% reduction in response times.
- Managed project plans, assigned tasks, and monitored progress, ensuring effective team collaboration and communication.
- Utilized DevSecOps tools including GitLab, Jenkins, and SonarQube to streamline development processes and enhance code quality.

Software Engineer

Mar 2018 - Dec 2021

XYZ Solutions, Ho Chi Minh City

- Developed and maintained microservices for various applications, focusing on backend services with Spring Boot and frontend interfaces using Angular.
- Implemented RESTful APIs and integrated messaging systems using Kafka, improving data processing efficiency.
- Worked on database design and optimization with MySQL, ensuring high availability and performance.
- Participated in the deployment of applications using container platforms, enhancing scalability and reliability.

Junior Developer

Jun 2016 - Feb 2018

Tech Innovations, Ho Chi Minh City

- Assisted in the development of internal tools and applications using Java and JavaScript, focusing on REST APIs and user interfaces.
- Collaborated with senior developers to implement features and fix bugs, gaining hands-on experience in software development practices.

EDUCATION

B.Sc, Information Technology

2012 - 2016

University of Science, Ho Chi Minh City

- GPA 8.0/10, Good classification. Thesis on optimizing microservices communication in distributed systems.

TECHNICAL SKILLS

- Languages:** Java, JavaScript, TypeScript
- Frameworks:** Spring Boot, Angular
- Databases:** MySQL, MongoDB, Kafka
- Architecture:** Microservices, API Gateway, Backend for Frontend (BFF)
- Tools:** Docker, GitLab, Jenkins, SonarQube, JIRA, Confluence
- Observability:** ELK, Prometheus, Grafana
- Testing:** JUnit, Performance testing (K6, JMeter)

CERTIFICATIONS

- Certified Kubernetes Administrator (CKA)
- Java SE 11 Developer Certification

ADDITIONAL

- Strong problem-solving skills and ability to work under pressure.
- Excellent communication and leadership abilities, fostering a collaborative team environment.
