## PROFILE

Frontend developer with over six years of experience, specializing in building responsive web applications using ReactJS and NextJS. I am passionate about creating user-friendly interfaces and collaborating with cross-functional teams to deliver high-quality products. I thrive in dynamic environments and am committed to continuous learning and improvement.

## WORK EXPERIENCE

### Frontend Developer

Jan 2020 - Present

ABC Tech Solutions, Ho Chi Minh City

- Developed and maintained web applications using ReactJS and NextJS, ensuring optimal performance and responsiveness across various devices and browsers.
- Collaborated with backend developers to integrate RESTful APIs, enhancing the functionality of web applications.
- Implemented best practices in web development, including code reviews and testing, to ensure high-quality deliverables.
- Created comprehensive technical documentation for development processes and user guides.

### Web Developer

Jun 2017 - Dec 2019

XYZ Innovations, Ho Chi Minh City

- Designed and developed user interfaces for multiple web applications using HTML, CSS, and ReactJS, focusing on user experience and accessibility.
- Worked closely with UX designers to translate wireframes and mockups into functional web applications.
- Conducted performance optimization and debugging to improve application speed and reliability.
- Participated in agile development processes, contributing to sprint planning and retrospectives.

### Junior Frontend Developer

Jan 2016 - May 2017

Tech Solutions Co., Ho Chi Minh City

- Assisted in the development of web applications using HTML, CSS, and JavaScript, gaining hands-on experience in frontend technologies.
- Collaborated with senior developers to learn best practices in coding and project management.
- Engaged in user testing and feedback sessions to refine application features and improve user satisfaction.

## EDUCATION

### B.Sc, Information Technology

2011 - 2015
