PROFILE

Junior System Administrator with a strong passion for network systems and infrastructure management. I have hands-on experience with Linux environments and a solid understanding of network structures. I am eager to learn and grow in the field of system administration, particularly in managing and optimizing internal network services.

WORK EXPERIENCE

System Administrator Intern

Jan 2023 - Present

ABC Tech Solutions, Ho Chi Minh City

- Assisted in the deployment and management of Linux-based systems, focusing on DNS and DHCP services.
- Participated in configuring and monitoring internal network infrastructure, including VLAN segmentation for enhanced security.
- Gained experience in using Docker for containerization of applications, improving deployment efficiency.
- Collaborated with senior engineers to troubleshoot network and server issues, ensuring minimal downtime.

IT Support Technician

Jun 2021 - Dec 2022

XYZ Corporation, Ho Chi Minh City

- Provided technical support for internal users, resolving issues related to network connectivity and server performance.
- Assisted in the configuration of managed switches and routers, enhancing the overall network infrastructure.
- Conducted routine maintenance and updates on Linux servers, ensuring optimal performance and security.
- Documented troubleshooting processes and created user guides for common technical issues.

EDUCATION

B.Sc, Information Technology

2018 - 2022

University of Science, Ho Chi Minh City

- GPA 8.0/10, Good classification. Thesis focused on network security protocols and their implementation.

TECHNICAL SKILLS

- Operating Systems: Linux (Ubuntu, CentOS)
- Networking: DNS, DHCP, VLAN configuration, Router and Switch management
- Virtualization: Proxmox, Docker
- Scripting: Bash scripting for automation tasks
- Monitoring Tools: Nagios, Zabbix

CERTIFICATIONS

- Linux Professional Institute Certification (LPIC-1) | 2023
- Cisco Certified Network Associate (CCNA) | 2022

ADDITIONAL

- Strong analytical and problem-solving skills, with a keen attention to detail.
- Quick learner, enthusiastic about participating in advanced training programs.
