PROFILE

Backend developer with over four years of experience in designing and maintaining scalable systems. Proficient in building RESTful APIs and collaborating with cross-functional teams to deliver high-quality features. Strong understanding of database management and security best practices, with a keen interest in containerization technologies.

WORK EXPERIENCE

Backend Developer

Jan 2022 - Present

ABC Tech Solutions, Ho Chi Minh City

- Developed and maintained backend services using Django and MySQL, focusing on performance and scalability.
- Designed and implemented RESTful APIs to support web and mobile applications, ensuring seamless integration with frontend teams.
- Collaborated with UX/UI designers and QA teams to deliver high-quality features, participating actively in code reviews and providing constructive feedback.
- Utilized Docker for containerization, streamlining the deployment process and enhancing system reliability.

Software Engineer

Mar 2020 - Dec 2021

XYZ Innovations, Ho Chi Minh City

- Worked on backend development using Django and SQL Server, focusing on microservices architecture.
- Implemented WebSocket communication for real-time features, improving user engagement and experience.
- Participated in the migration of legacy systems to a microservices-based architecture, enhancing system performance and maintainability.
- Conducted security assessments and implemented best practices to safeguard sensitive data.

Junior Developer

Jun 2019 - Feb 2020

Tech Solutions Co., Ho Chi Minh City

- Assisted in developing internal tools and REST APIs using Django and PostgreSQL.
- Gained experience in working with Redis for caching and improving application performance.
- Collaborated with senior developers to troubleshoot and resolve issues in existing applications.

EDUCATION

B.Sc, Computer Science

2015 - 2019

University of Danang - University of Science and Technology

- GPA 8.0/10, Good classification. Thesis focused on optimizing database queries for large-scale applications.

TECHNICAL SKILLS

- Django
- MySQL
- Docker
- RESTful APIs
- WebSockets
- Redis
- Security best practices

CERTIFICATIONS

- Certified Django Developer | Django Software Foundation | 2021
- AWS Certified Solutions Architect - Associate | Amazon Web Services | 2022
