PROFILE

Aspiring C# Developer with a strong foundation in .NET technologies and a keen interest in Business Analysis. I am passionate about developing efficient software solutions and continuously improving my skills. I thrive in collaborative environments and am eager to contribute to innovative projects.

WORK EXPERIENCE

Software Developer Intern

Jan 2023 - Present

ABC Tech Solutions, Ho Chi Minh City

- Participated in the development of an HRM module using C# and ASP.NET MVC Core, ensuring adherence to functional requirements.
- Collaborated with cross-functional teams, including BA and UI/UX designers, to gather and analyze project requirements.
- Developed and tested RESTful APIs, enhancing the functionality of existing applications.
- Gained hands-on experience with SQL Server for database management and data retrieval.

Junior Developer

Jun 2022 - Dec 2022

XYZ Innovations, Ho Chi Minh City

- Assisted in the development of a hotel management system, focusing on front-end features using HTML, CSS, and JavaScript.
- Wrote detailed design documentation and conducted unit testing to ensure code quality and functionality.
- Engaged in code reviews and utilized Git for version control, promoting best practices within the team.
