PROFILE

Python Developer with over 2 years of experience in developing and customizing applications on the Odoo platform. Proficient in building modules, optimizing systems, and collaborating with cross-functional teams to deliver high-quality software solutions. Strong understanding of MVC architecture and ORM principles.

WORK EXPERIENCE

Python Developer

Jan 2022 - Present

ABC Tech Solutions, Ho Chi Minh City

- Developed and customized Odoo modules (v14) for internal applications, enhancing business processes and user experience.
- Collaborated with business analysts and project managers to gather requirements and implement new features, ensuring alignment with client needs.
- Optimized data processing and wrote APIs for system integration using XML-RPC and RESTful services.
- Maintained existing Odoo systems, fixing bugs and upgrading functionalities to improve performance and user satisfaction.

Junior Python Developer

Jun 2020 - Dec 2021

XYZ Innovations, Ho Chi Minh City

- Assisted in the development of web applications using Python and Flask, focusing on backend logic and database interactions.
- Participated in the customization of Odoo modules, including model and view adjustments to meet specific client requirements.
- Engaged in code reviews and collaborated with team members in an Agile environment, contributing to sprint planning and retrospectives.

EDUCATION

B.Sc, Information Technology

2016 - 2020

University of Science, Ho Chi Minh City

- GPA 8.0/10, Good classification. Thesis focused on developing a web-based inventory management system using Python.

TECHNICAL SKILLS

- Programming Languages: Python 3.x
- Frameworks: Odoo (v14), Flask
- Web Technologies: HTML, CSS
- Version Control: Git
- Database Management: MySQL

CERTIFICATIONS

- Odoo Development Certification | Odoo Academy | 2021
